

## Christ Church Walmsley **re-opens** **Sunday 30<sup>th</sup> November 2025**

Dear Friends,

I am delighted to let you know that Christ Church is open once again. The heating engineers started work earlier this week and have been able to complete the repair on the leaky pipework. This means we will be able to **resume Sunday and Midweek Services** starting from this Sunday 30<sup>th</sup> November (9.30am) and **all scheduled services and concerts can still go ahead.**

As already reported, the boiler still needs replacing (once the faculty has been approved) and the boiler house roof will first need to be repaired, but at least we can plan for this work to be carried out in the near future.

**We are extremely grateful to Dumphy's Ecclesiastical and Lloyd and Smith** who have completed the emergency repair work.

**Fundraising is underway** for the next phase of the work. Please do consider if you can help out at all.

We look forward to seeing you soon.

Best wishes and blessings,
