

Christ Church Walmsley has a beautiful Bechstein Grand Piano and the most amazing acoustics!!! We look forward to welcoming you at our concerts.

Historic Christ Church Walmsley, built in 1839, is in the village of Egerton on the A666 between Bolton and Darwen.

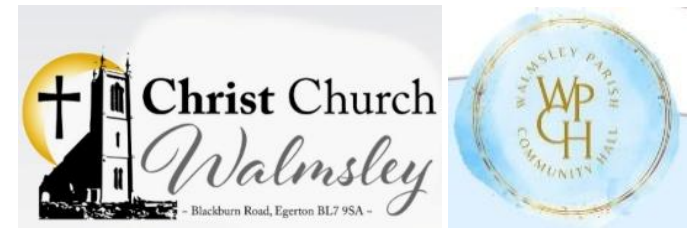

The Church is in a conservation area and recorded in the National Heritage List for England as a designated Grade II listed building.

Walmsley Parish Community Hall has a rich history with its construction dating back to 1839, when it began life as a day school for the church. The Freeman's extension (now the Hall itself) was added in 1888. The hall has undergone various renovations and improvements, (including the installation of a new kitchen thanks to Howdens). It has long been a venue for community, social and fund-raising events.

It is a much-loved and valued Parish building set in the Egerton Conservation Area.
